OUTSTANDING!!

Congratulations, Breanna and Darin!!

Oakes HS Sophomores and some Juniors attended the Career Expo at the Jamestown Arena on Nov 4th, 2021. This hands-on career experience encourages students to try out various activities and ask questions about available careers. Many industries are really short of workers and are excited to show young people the possibilities they can offer. This Career Fair specifically focuses on two-year college or less training options. Many are hiring right out of high school. Students have lots of options and it helps to see what is available.
